Bwlch Mountain Climb

03/10/2021 13:00

RH/12X

Promoted for and on behalf of Cycling Time Trials under its rules and regulations.

Thanks for joining us at our 2021 hill climb events. The double-header format seemed popular and it certainly saved us all from a soaking on the Saturday! We were fortunate to escape any serious rain on the day but the conditions were still quite blustery, which makes the performances all the more remarkable.

Kudos to all of you for venturing out and taking on two our local hills. When comparing the performances with unofficial Strava data, the following points catch the eye:

- Among more than 12,000 riders to have climbed the Bwlch, the rides from Tim and David were placed in the top twelve. In other words, they went up the quicker than 99.9% of people have ever* done.
- Tim smashed the all-time record for climbs of the Rhigos -- his performance putting him at the top of a list that runs to 18,000+ riders, a massive 25 seconds quicker than the next rider.
- Illi smashed the women's record for the Bwlch, improving her own record to now sit nearly a minute clear of the next rider.
- ... and then went even better in setting a new record on the Rhigos, now sitting THREE MINUTES clear of the second-best rider.
- PBs for Dan (Bwlch) and Jeff (Rhigos).

... and it's worth repeating, all this in conditions that were less than ideal!

Thanks again for riding with us. All the best for whatever comes next.
