

## Bedlam Hill Climb 2023

### HQ and Parking

Hi everyone a big thank you for entering the first year of my hill climb event. Any suggestions of improvements will be greatly appreciated. I've emailed the local council who have been very kind in allowing parking in a concrete floored farmyard with plenty of space. The entrance is about 100m past the startline on the right, we will be doing the signing on here. Please don't park anywhere else as I don't want to upset residents and farmers. I will be there from at least 17:30.

### Course Description

Start just past the junction to Bedlam next to the bus stop. From here the road climbs up to Bedlam village 0.7 miles in, the road through Bedlam is quite narrow with cars parked on the roadside. After leaving the main bulk of the village there are 2 penultimate tight switchbacks before the finish. Finish just before the metal gate, inline with the first tree in the left-hand hedgerow.

### Finishing

After finishing please feel free to hang around the finish and cheer on the other competitors as long as not blocking the finish or upsetting the timekeepers. You can descend at any time but please do so cautiously as the road through the switchbacks and through the village is very tight. The marshals will be watching and help tell you when the road is clear. Please do not leave the carpark with your vehicle until all the riders have started.

### Contact

Any help or questions please ask. I will also be competing.
