I'm very pleased to inform you that no.47, Jodi Conibear, who was struck by a car during the event was not seriously injured, and was released from hospital the same day with a broken collarbone, concussion, bruising and abrasions. The car driver has admitted full responsibility. I went to the scene immediately after I had been informed of the incident, and was there before both ambulance and traffic police had arrived (a passing member of the anti-terrorist squad had taken immediate control of the scene). I decided that this incident should not cause the event to be stopped because the accident was not as a result of a failure in the event risk management (caused by a driver was not looking at the road ahead), Jody's injuries did not appear to be life threatening, and the presence of the accident was not causing obstruction to the course. I did not leave the scene until the police had concluded their investigation of the accident. I am sure you will all join me in wishing Jody a speedy recovery.

LOST PROPERTY

I have the following items which were left behind:

1. Yellow Sportful Rain Jacket Size M
2. Black Sportful Winter Jacket Size XXL
3. Planet X Long Sleeve Jersey, Black with Blue and Orange detailing Size S

Please let me know if any of this property belongs to you, and I will gladly arrange to get it returned to you.
