West Pennine RC 14 Mile Hilly TT – 17th March 2018

Alternative course due to temporary traffic lights

It's a 3 mile ride to the start from the HQ with at least one set of temporary traffic lights, I would say allow at least 15 min to ride to the start. The start is in the centre of Hurst Green village, then proceed east along the B6243. Proceed with caution down the decent to the narrow bridge over the River Hodder at 1.6 miles as there are cones reducing the width of the bridge. Follow the B6243 towards Clitheroe. At 2.7 miles you start the small circuit which you will complete 2 full laps. The circuit consists of 4 left turns. After your second full lap go straight on at the Give Way junction to head back towards the finish in Hurst Green, located just before the start area at just over 13 miles.

TOTAL ASCENT = 748 ft (approx.)
