Team Jewson-MI Racing-Poly Pipe-McCann: David Kiernan, Andrew Green & Mark Wise, £10 each with a time of 1:05:30. A close run thing with Team Bottrill / Vanguard who recorded 1:05:35.

Organisers Comments:

It is a pity that the road surface has been allowed to get into such a poor state of repair. Currently, from a cyclists' point of view, it is on the verge of becoming dangerous, which is a shame since the Course is otherwise a pleasant challenge & relatively quiet. Never the less I didn't hear anyone complaining so perhaps the fine weather made up for it. I hope you all enjoyed your ride & were satisfied with your performances; I look forward to seeing you all at our next 'Open 10' on Saturday 12th August on the fastest Course in the area, (K11/10T).

It just remains for me to say a special thank you to all those who helped out on the day; particularly the Marshalls who stand alone for three hours trying to make sure the riders have as safe a ride as they can. A special thanks to Bob Allen for his help once again in setting everything up & also for the donations from Club Members towards the Women's Event Prize List. Without this much appreciated help things would not go as smooth as they do.

Barry H.
