## 4-Up Open 10 mile Team Time Trial

at RAF Weston on the Green on Tuesday 26<sup>th</sup> June

Promoted for and on behalf of Cycling Time Trials under their rules and regulations

Event Promoter: Tim Beaven  
07775 700757  
timbeaven@gmail.com

Timekeeper: Sue Holliday  
(South East Mids District)

Thank you all for your team entries. We have 29 teams entered including a whopping 13 women's teams. Details of your start time are shown at the end, once we've got through the safety issues for the event.

Signing on will be conducted on the patio just outside the main building close to the toilet block, and will be open from 18:00. Please do not park anywhere near the area of the small roundabout by sign on, continue round to the main car parks.

The event is run over four laps of the perimeter track of RAF Weston-on-the-Green on closed roads, so the only danger out there is other riders, and a gate post. We wish you all the best for a good, hard race.

There will be a prize presentation on the evening once the results have been collated.

## Safety Notes

Warming up: You may use the track to warm up from about 18:00, once you have signed on and have a number on your back. The track must be clear from 18:50. You are welcome to use turbo trainers to warm up in the car park. If you wish to warm up on the road, please take care when leaving RAF Weston-on-the-Green as traffic speeds are high when passing by the entrance.

Whilst racing, keep to the right hand side of the track – even on the left hand bend, unless your team are overtaking another team.

Whilst overtaking another team use the middle of the track, leaving room for a third overtaking team on your left.

If you catch up 3 teams in the midst of overtaking then do not attempt to overtake.

If you get dropped by your team then you must leave the track at the next exit.

Any team with less than 3 riders must leave the track at the next exit.

Please take care in front of the grandstand, where a gate post narrows the road on the right hand side of the track.

This is marked with a high vis vest.

When you cross the finish line do not just sit up and slow down. There are 2 exits on the left before the first right turn. Make sure it is clear behind you before exiting the track.

Do not warm down on the track.
