

HOW TO GET TO THE HUB COMMUNITY CENTRE, CAMBOURNE, CB23 6GW

Turning off the A428 Cambridge – St Neots Road:

Follow the signs into Cambourne and at the very large roundabout (the second or third roundabout depending on which direction you are coming from) go straight ahead down **Broad Street**. Follow this road round until you come to a T-junction (with the back entrance to Morrisons supermarket on your left). At the T-junction turn left and, after a short stretch where the tarmac road turns to the right (note Greens Café on the left), carry straight on down the narrow brick-paved **High Street**, between the pub and the Cambridge Building Society. You will be making your way towards a church with its large orange triangle shape. The Hub (**Arrowed on map below**) is on the right. Turn into the car park where you see some sheltered bicycle stands just after the bus shelter.

Coming from the Caxton bypass roundabout

Follow the road straight into Cambourne. This is **School Lane** which twists and turns until the junction with Boad Street (on the left). Continue straight on into **High Street** following the instructions above.
