Traditionally this event has course problems last year but until now we have always managed to deliver a 100 mile course on the day. In this respect I failed this Year as I was forced to shorten the course to approximately 91 miles on the day due to an emergency road closure at a key point on the circuit. I only discovered this at very short notice as apparently there was a broken cable killing power to many houses in Holmes Chapel so bad luck on us. I decided however that it would be worthwhile giving riders a race and most riders appreciated that. Of course the results also count towards the various trophies etc. that depend on this race, including many individual club championships.

Congratulations to the prize winners and a massive thank you to all of the many helpers as you can feel proud that you enabled all of these competitions to be concluded. Sorry for messing up the first drafts of the result sheet, work got in the way and I dropped the ball. Must try harder next year!

Thanks

Dave Fearon
