Thank you for entering, I am sorry that we attracted such a low entry. The course was being used for the first time and generally attracted favourable comments, an old fashioned TT course that included a bit of everything apart from Dual Carriageway. Thanks go to Timekeeper John Cottee who managed to time the start and finish and a special thank you to last years winner James Rix for returning to the event and setting a formidable course record. Hope to see you all again next year.
