### **THE RACE**

After the scare of traffic lights on the course earlier in the week and then a forecast of wind and rain things were looking bleak. Fortunately Western Power finished their work mid week and the forecast brightened resulting in relatively good conditions on the day. As usual there remained a strong breeze on the return. It was noted that it was good to see so many young riders going so quickly.

Just twenty seconds separated the first three men, Hayden Allen winning in 20:33. Megan Dickerson stormed to victory for the women in a very impressive 22:33 which we believe is a course record, this was also good enough for 9<sup>th</sup> overall.
