

**URGENT UPDATE** change of race start and finish Berkhamsted Mentmore TT Sunday 27 Sept 2020

**All riders and Marshals**

Due to roadworks on the course at WINGRAVE that we cannot mitigate safely, neutralise, run bike only through, control manual control traffic lights etc we are forced to change the START and FINISH points. ALL other race elements of sign in, sign out, parking remain the same

**Allow yourselves 20 minutes to get to start line from Race HQ.** Below is map showing ORIGINAL green and red start and finish points. Revised Start is arrowed. This will mean that from the start you have a sharp left bend followed by a very fast descent and flowing course to the SHARP LEFT turn at LONG MARSTON. For this safety reason the course is a little short by some 150-200m.

It is highly likely that we will corral / pen riders, socially distanced behind the road traffic barriers, you MUST maintain social distancing and obey marshal instructions. 5 riders are on the start chute at any one time and you must ensure that as one goes you join at the rear of the chute. CARE must be taken at start for some riders as you will be filtering into traffic in the normal way, whilst others may have no same direction traffic. CARE must be taken at the first left turn, 300m from start, as vehicles MAY be queuing. Past this choke point the course flows.

**THERE IS NO PARKING IN THE VILLAGE WHERE THE START IS LOCATED. RIDERS MUST CONTINUE TO PARK AT RACE HQ WHERE YOU SIGN IN AND SIGN OUT AND RIDE TO THE START.**

**IMPORTANT**

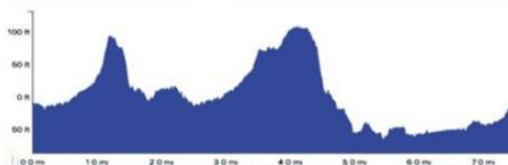

Please check your DEPARTURE time from Race HQ. Riders departing **before 8-30 AM must turn right** to travel to start. Riders departing **after 8-30 AM must turn left** so we avoid mixing riders racing and those travelling to start, and any confusion with time keeping and marshals. Thank you for your understanding.

Course F12b

**Riders departing for start, 8-30 onwards**  
Revised Start is 8 KM from Race HQ **CLOCKWISE**  
riders turn **LEFT** from Race HQ

- Leave at least **20 minutes** to get from Race HQ to start
- Riders will need to turn right from Dark Lane onto Leighton Road, and follow Marshal instructions to wait area and start line

**Riders departing for start, 8-8:30 AM**  
Revised Start is 8 KM from Race HQ **ANTI - CLOCKWISE**  
riders turn **RIGHT** from Race HQ

- Gives riders chance to recce the descent from The Green in Mentmore which needs focus and attention due to road surface
- Leave at least **20 minutes** to get from Race HQ to start
- Riders will enter start area in groups of 5 near 'A'
- Riders will wait socially distanced on inside of traffic roadworks barriers under command of marshals
