## 9. Sign-On

Please make sure your bike has a working rear light fitted to it and that your race number is displayed clearly on your lower back. This event also requires riders to have sleeves that are at least mid upper arm length (i.e. not trisuit-type clothing). The numbers are disposable and you can keep them. If you have any questions about the event please ask the team and they will be happy to help.

## 10. Pre Race

The start is a three-mile ride from the HQ and can be reached using the following route. Please allow at least 15 minutes to get to the start, taking care when crossing the A420.

The team will also check if the road bike criteria are met.

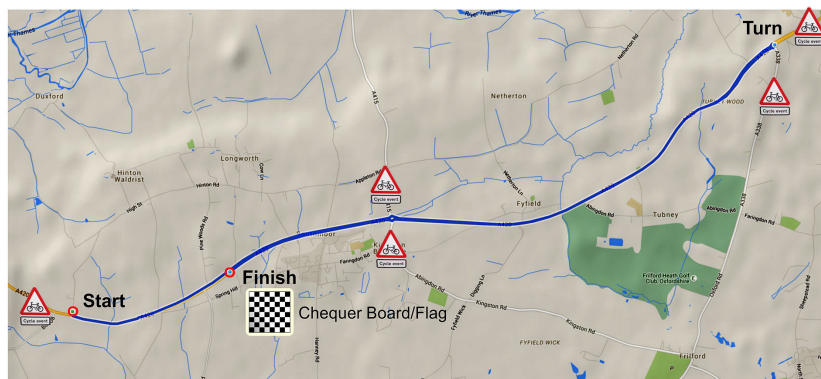

Riders are set off at one minute intervals. When it is your turn, the start team will call you to the line.

The start time keeper will count you down to zero when you can start your race and complete the 10 mile course as quickly as you are able.

As you cross the finish line the timekeeper will record your time. If you remember, please shout your number as you cross the line.
