K47/15

HQ Castlemorton Village Hall, WR13 6BE

Promoted for, and on behalf of, Cycling Time Trials under their Rules and Regulations

MESSAGE FROM THE ORGANISERS

Thanks to everyone for supporting this event - we hope that it will highlight the inclusiveness of time trialling as a sport given that you can compete on virtually any bike! This event also forms part of the Midlands Womens TT Series which we are always delighted to support each year.

We are also running the Midland Championships on June 12th on the same course, so if you enjoy this event then please feel free to enter and give that a go - there will also be a road bike category there too.

Have a safe ride, and see everyone on the day!

HQ INFORMATION

Castlemorton Parish Hall (WR13 6BE).

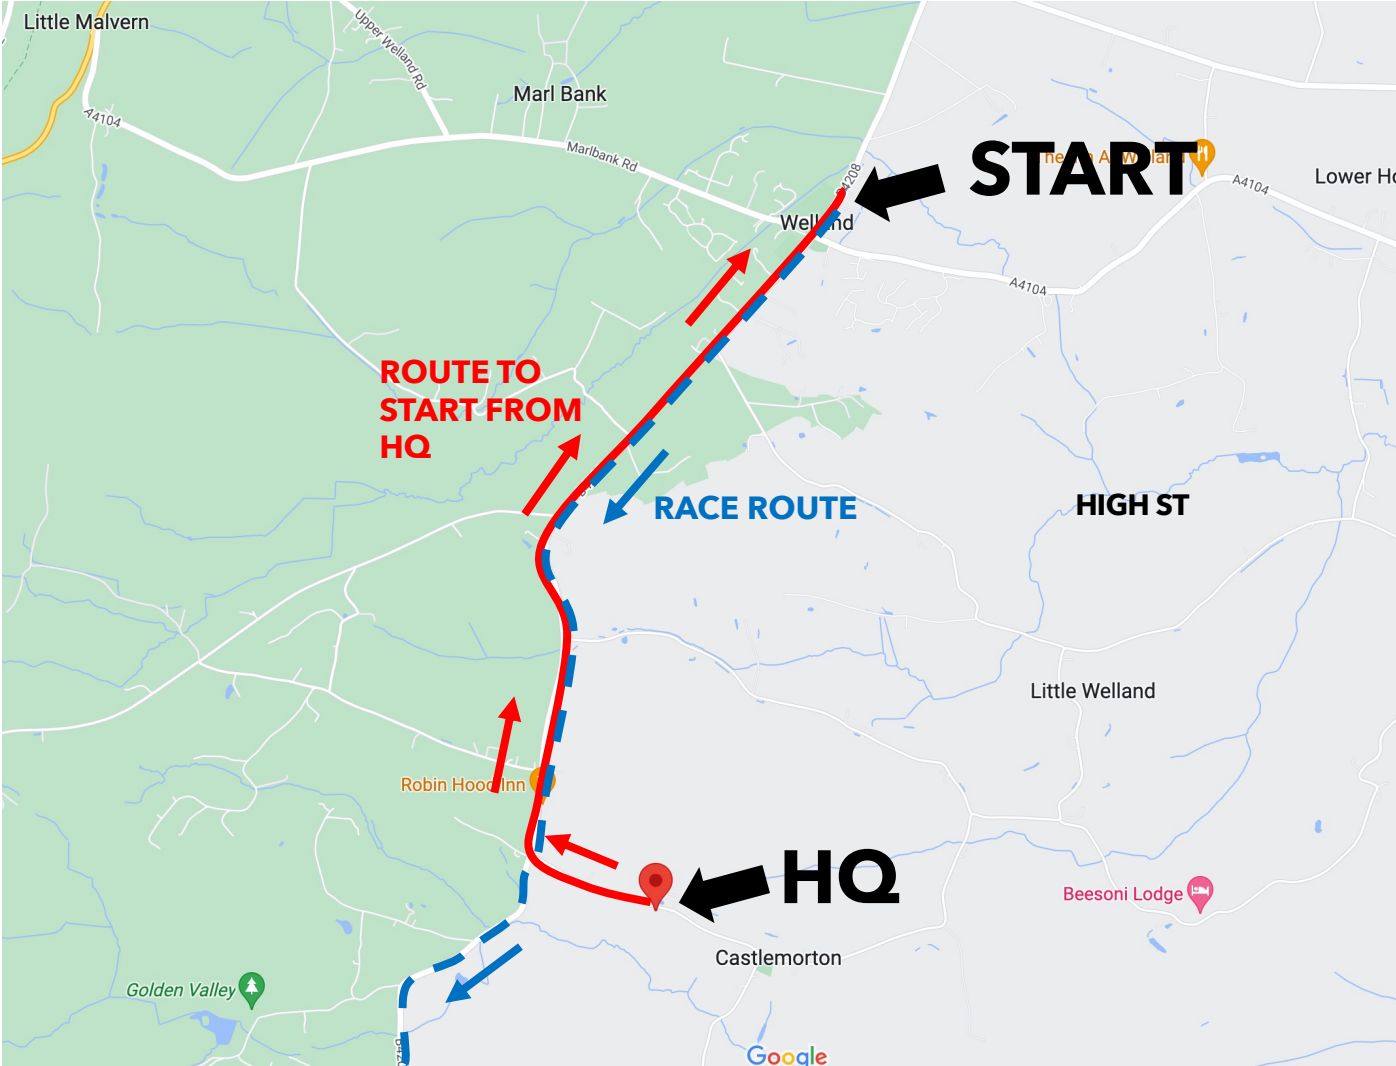

Please note there is limited parking at the HQ and some spots will be reserved for marshals and timekeepers. Please car share/ride from home and park considerately!

The start line is 2.2 miles from the HQ, and is a simple ride, turning right out of the hall and then right at the crossroads.

PLEASE NOTE THE ROUTE TO THE HQ FOLLOWS THE RACE COURSE!

What that means is that if you're riding back to the HQ after you finish, you will be on the course. This shouldn't be a problem as the roads are wide and safe and the timings are such that there shouldn't be overlap with riders but be considerate, especially when driving to the HQ. If you are local and know the back roads then use them if you can.

ROAD BIKE RULES

The aim with the AeroCoach road bike rules is to allow as many types of road bike as possible and not be restrictive with “old school” criteria. We would like riders to be able to simply take their race bike that they road race on, or a bike that they use for training, and compete.

We want everyone to be able to race on their favorite bike and not have to think about rolling back the clock to road bikes from years gone by.

1. No aerobars, clip on aerobars or aero extensions can be used
2. Hands must be holding the handlebars at all times whilst racing (ie. not with forearms resting on the handlebar)
3. Wheels may have no more than 90mm depth and must have at least 12 spokes
4. Helmets must have no visor
5. Ears must not be covered by the helmet

In addition, the use of a Giro Aerohead helmet will not be permitted. There will be spotters out on course to enforce rule 2.

If you have any questions at all about the rules then please let us know beforehand or at the HQ and we'll be happy to help! Don't do silly forearm riding or you will get DQ'd. There will be a checker on the start line, but if you want to bring your bike to HQ beforehand for a quick check just to be sure that's absolutely fine.
