This course is set in beautiful countryside; however, it is challenging to even the most experienced riders with high speed descents, some poor road surfaces and early season weather conditions.

Riders should obey the highway code at all times and in particular not cut corners or take risks with control of their bike on steep/long descents and into corners.

In addition to their personal safety riders also have a responsibility to the sport to ride in both a fair and safe manner.

Safety information and on the day risk assessment will be available when you sign in for the race and an experienced club member will be available for younger riders and novices to discuss any concerns about the course and conditions.

You are advised that:

- No U-Turns are to be made in the vicinity of the timekeeper and no dismounting in the finishing area.
- Take extra care at road junctions and particularly at the T-junction for Scots Gap and the right turn for Rothley Cross Roads.
- No cutting corners or crossing white lines – if witnessed by an official you will be disqualified.
- Head up and watch out for potholes and oncoming traffic.
