few important things to note:

1 - NO warming up at the HQ - more details on the start sheet

2 - please check the course on google maps etc , here is a strava link
<https://strava.app.link/AcbXL272Kpb?>

but it is the riders responsibility to know the course , we cant have signs on the DC but will mark the course for you so ride in a safe and controlled manor on the roundabouts

3- head down riding is very dangerous please dont do it ? , as its a DC course we dont want to see anyone riding in the middle of the lane ? dangerous riding as we consider it will result in a DQ

4- as with the new CTT rules , you MUST have a working front light and rear light ,plus a hard shell helmet

, if you are unsure if your helmet is at the standard all the rules and guidance are on the CTT website
- YOU WILL NOT be able to start your race without lights and a regulation helmet .

5-

the RA clearly states if the weather is bad the event must be held back or cancelled due to spray on the earliest point ???

Very sorry for all the notes we just

want the event to run smoothly and safely , have a safe and speedy ride

and thank you again for supporting the event.???????
