Headquarters

The event headquarters is The Christy Hall, Old Alresford, SO24 9DH (What3Words: <https://w3w.co/travels.betraying.minority>). Sign on is from within the Bernard Clark room and will be **open from 0800 BST**. Your number will be ready for collection from here. A parental consent form is required for any rider under 18 years of age. Please print off and complete the form "Parental Consent (Open and Club Events)": <https://www.cyclingtimetrials.org.uk/documents/index/guardians>. Unfortunately, no form means no ride.

There is a small car park beside the hall and lots more space at the Watercress Company who have kindly offered the use of their car park - a map will follow by email. Out of consideration for other users, please note that **rollers are not permitted in the hall carpark or on the roads immediately around the hall**. If you want to use rollers, please park in the Watercress company car park. The preference is for you to warm up on a local road called Ox Drove Way, which is on the way to the start (What3Words: <https://w3w.co/decisions.miracles.playfully>) There will be a marshall on the corner to guide you.

There are no changing facilities available so please arrive ready to ride.

We are grateful to Christy Hall for allowing us to use the premises. Please respect the residents and community by being considerate in all your actions.

Route from HQ to start

The start is on Spiers Lane (What3Words: <https://w3w.co/dripped.suffix.tickling>). This is approximately 3 km from the sign-on so please allow around 10 minutes to ride from the HQ. We will be allowing 5 riders at a time near the starting area, so please arrive a maximum of 4 minutes before your start to avoid large gatherings.

Course details

This event is being run on the HCC283 (10) course. There is only one turn on this course, as you enter Preston Candover, there will be a marshal in place to see you safely round.

This is a sporting TT on open country roads. I have ridden the course this week and would like to remind you that the surface towards the left-hand verge is often uneven with potholes and drains. Due to recent rain, there is gravel in several places so please be vigilant and stay safe. Even though the roads are quiet please be aware of traffic.

- START on Spiers Lane at the layby approximately 1 km North of Monkwood Sawmill.

-

Proceed up the hill and follow the road around the left and then descend towards Preston Candover.

- At approximately 1.75km stay on the road as it bears around to the right, **do not** take the road off to the left
- **Turn left at the junction at Preston Candover** (Spiers Lane/B3046), which is at approximately 4.8 km. Please take extra care here. **You MUST give way to traffic coming from the right**, and there is gravel on the corner. There will be a marshal to ensure you are going the right way, but they cannot stop the traffic for you. You will now be heading along the Candover valley towards Alresford.
- At 6.75km stay on the road you are on as you see a lane to your left. Again, this area can have gravel on it.
- At around 7.85k there is a small pothole in the centre of the lane
- Between approximately 8.4km and 9.1km, as the road snakes under the trees, the road surface is at its worse, so please take extra care.
- At around 10.3k ,as you round a shallow corner by the turning to Northington there is a drain that protrudes into the road.
- Starting at around 11km you will climb for just under 2km before a fast descent with a tight right-hand turn – extra care is needed as there may be gravel on the descent.
- Continue past the HQ up the hill to the finish.
- FINISH at Old Alresford village sign, opposite St. Mary's Church, (15.7 km).

Please note you must pass HQ to get to the finish. Do not sit up when you get back to the Christy Hall thinking that you have finished, there is one more small hill to climb!

When you cross the finish line, please shout your number to the timekeepers to help them record . **Please do not stop at the finish but continue along the road to the next junction where you can turn around more safely** before heading back to the HQ.

Results will be published on [ResultSheet](#) and on the CTT website.
